MEMO FOR RECORD

Basic communication is letter from the Secretary [REDACTED] stating that [REDACTED] cooperate in subject project and is satisfied [REDACTED] requirements contained in State's questionnaire, except for the addition of "Ranges over which tuneable" under paragraph (c), "Characteristics of the Transmitters." Basic communication points out that Soviet jamming has extremely important military implications, and in order to anticipate possible Soviet counter measures, requests that the three services receive prompt and complete reports from CIA on this project.
